Pastor's Thoughts

We are now looking at a month that should be warm with time to get out and enjoy the sunshine. I like May because it is not usually hot; it's just nice to be outside. I enjoy planting flowers. I will be planting the seeds I used for Lenten candle devotional, so we will see if I get Zinnias or not.

Each of us has a time of the year that is very special. I enjoy spring and fall the best, but really do not mind winter and summer. Now I have complained about all of them, but I do enjoy watching the changes in the weather and plants.

God has given us the opportunity here in the Midwest to see how different the world really is when it comes to temperature. God has given us rolling hills and beautiful rivers to see and to enjoy. This is the time of year to look for the beauty of the earth and give thanks to the Creator for all the blessings of life we have around us.

Always remember to give thanks and look for the blessings God has for us each and every day.

Pastor Donna
